

Lost or Stolen Devices

Document ID	IT-STD-009
Version	1.0
Status	Approved
Effective date	2025-10-01
Owner	IT Security

If a company laptop or phone is lost or stolen, report it to the Security team at security@northwind.example **within 1 hour** of noticing, and file an IT ticket marked URGENT. Security will remotely wipe the device. Do not wait until the next business day.

If the device contained Restricted data (see the Data Classification Standard), Security will also open a data-incident review.
